

Smile TRU and Conventional Braces

Some patients have a malocclusion that is best treated with Smile TRU on the upper teeth and conventional braces on the lower teeth that are not visible on most patients.

This combination therapy can speed the treatment time and reduce the amount of stripping (IPR) required to properly position the teeth.

for the smile of your dreams

WHAT IS SMILE TRU?

Smile TRU is a series of clear positioners that can be offered as an alternative to fixed braces for most people.

Each positioner is designed to fit over the teeth and gently guide them into the desired position.

BENEFITS OF SMILE TRU

- Comfortable
- Affordable
- Invisible
- Safe
- Removable for eating and drinking
- No dietary restrictions
- Minimal impact on daily routine
- Digital prediction of the result

Now you can have the smile you have always wanted without anyone knowing you are in treatment

ENJOY THE NEW YOU WITH SMILE TRU

“ I can't believe that I could have orthodontic treatment and my friends didn't even know, well until I showed them my positioners. Traditional orthodontics were out due to my high profile job, so this suited me perfectly. You can't stop me smiling now ”
